OBJECTIVE

Aspiring Frontend Web Developer and UI Designer with hands-on experience in building responsive, user-friendly, and visually appealing web applications. Proficient in HTML, CSS, JavaScript, React, Tailwind CSS, and familiar with the fundamental concepts of backend development using Node.js, Express js, and MongoDB. Passionate about creating seamless user experiences, continuously learning new technologies, and developing innovative solutions to real-world problems.

TECHNICAL SKILLS

Basic Languages: C, Python, Java
Frontend: HTML5, CSS3, Tailwind CSS, JavaScript
Backend: Node.js, Express.js
Database: MySQL, MongoDB
Framework: React
Tools & Platforms: FIGMA,Visual Studio Code, Git, GitHub,POSTMAN

PROJECTS

Portfolio Website (Personal Portfolio)

- Developed a responsive and modern personal portfolio website to showcase my skills, projects, and resume.
- Implemented **React** components for a modular and reusable code structure, improving maintainability and performance.
- Designed a fully responsive layout with smooth animations and optimized navigation for a seamless user experience.
- Technologies Used: HTML5, Tailwind CSS, JavaScript, React
- Live Demo: https://polite-granita-a8561e.netlify.app/

Seiri – AI Period Tracking Web App

- Developed a responsive and user-friendly period tracking web application to help users monitor their menstrual cycle and understand their cycle patterns.
- Implemented **React.js** components with an interactive interface for tracking period dates, predicting upcoming periods, and monitoring different menstrual cycle phases.
- Integrated **Mew AI**, an AI-powered assistant that helps users with period-related questions, common doubts, and general menstrual health information.
- **Technologies Used:** React.js, Tailwind CSS, JavaScript
- **Live Demo:** https://delightful-khapse-9d4367.netlify.app/

Data Structures and Algorithms

- Built and maintained a repository of Data Structures and Algorithms solutions.
- Solved problems covering **Arrays, Strings, Linked Lists, Queues, Trees, Graphs, Sorting & Searching.**
- Focused on writing optimized solutions with efficient time and space complexity.

EDUCATION

Bachelor of Technology (CSE)
College of Engineering and Management, Kolaghat
CGPA: 7.50
Higher Secondary (WBCHSE) – 85%
New Andul H.C. School
Secondary (WBBSE) – 93%
New Andul H.C. School

CERTIFICATE

- Industrial Training Certificate – PCS Global
- From Learner to Builder: Become an AI Agent Architect – IBM SkillsBuild
